Note: Legislated Standards are standards specifically mandated by the Government of Alberta under the Health Professions Act. Their format differs from Practice Standards to meet the Government of Alberta's requirements. These Standards are fundamental to every Learning Objective and therefore cannot be selected for a Learning Plan.

What did you take away from this Learning Activity?

How did completing this activity impact your professional practice?

How did completing this activity impact service users?

The term "service user" refers to any individual who uses the MLT's services, including patients, clients, students, employees, or any other group.

Describe at least one way you can apply what you've learned to your professional practice.
